Yum.

Apples, maple

cheddar and goat

Behold the power of NOM.

I love the fact that the stand
mixer makes deciding to throw
together cinnamon rolls to rise

In case of emergency break

Biscuits are best eaten fresh. And
by "fresh," I mean, grabbed off

Yes, sweetie, I would if there were anything but a big black square on my screen.

Seriously, no, I am not. About half the embeds I see on any given day don't work, not even if I disable NoScript.

Reminds me of a Dole Pineapple commercial from when I was a young'un. native Hawaiian Kid goes out to find Dad in the sunny fields, dad takes out his hell-ash field knife, and quick as a bunny has a pineapple core ready

for his kid to much on with a glorious sho-nuff smile.
Ah, the Seventies.

Why doesn't anybody machete me a pineapple for breakfast?

I own

Hmm...I don't think that was one of the lines in "Peel Me a Grape".

I still have half a pineapple in the fridge, and a big knife that would sub-in for a machete. When can you be here?

They are incredible in their eye-appeal and that she manages to do a "clean as possible in the circumstances" handling. I was greatly impressed.

Awesome. My usual attempts end up in a whole lot of mess and not much pineapple.

Of course.

To conquer the pineapple you must become the pineapple.
